TANGO AROUND THE HORN

Written by the late Larry Barber, the story of the World War II voyage of America's last big sailing ship. This fascinating book is available at Sextons, Columbia Marine Exchange, or Freshwater News for \$13.95

Larry was the last "marine editor" of the Oregonian. In 1941, he found the six-masted 360' Tango in St Helens loading lumber for South Africa. In the 1980s, he finally met two of the crew and completed the book at the age of 90.
